

# Goal Directed Project Management

FUTURE of GDPM

*"You better run for the hills before they burn  
Listen to the sound of the world  
Then watch it turn  
I just want to show you what I know"  
The Killers- This River Is Wild*

# Running To the Hills

# The start : Galdhøpiggen

Project Leaders  
focussed on  
achieving objectives

# First 30 years mont blanc

# Keeping

- ▶ The mature and complete framework
- ▶ The practicality
- ▶ The completeness
- ▶ The common language
- ▶ The Fun
- ▶ The vision & philosophy

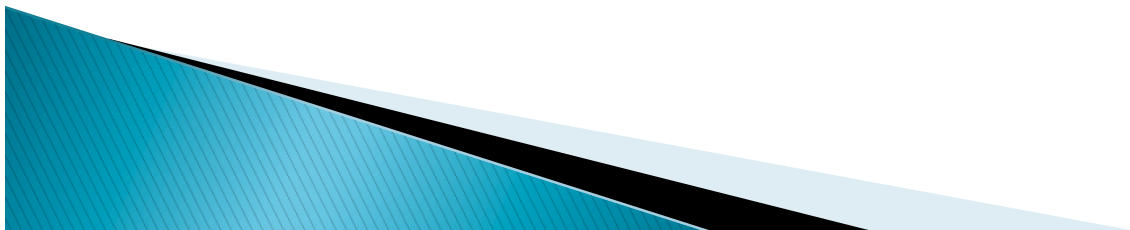

**How to manage complex projects  
without complicating management**

# Facilitating the “3–Cs”

- ▶ **Communication**
  - Through dual layered planning (management and team layer, milestones and activities)
- ▶ **Collaboration**
  - Through unified documents and responsibility matrices
- ▶ **Coordination**
  - Through objectives and 6(+1)–questions reporting

*Creativity is seeing a door where others see a wall (Peter Drucker)*

# Next 30 years: mount everest

# YOU

Driving a team

- ▶ with a method of quality
- ▶ With a clear strategy
- ▶ without too much administration
- ▶ empowering your team, beyond their own beliefs
- ▶ clearly communicating

Simply and logically creating a performance culture where people can be proud!

# You won't be climbing alone

# Gho-Al

- ▶ Meet Gho-Al, our Belgian Sherpa
- ▶ Mascotte for GDPM Belgium
- ▶ Hosting the Belgian chapter of GDPM
- ▶ Moderating the GDPM linkedIn-page(s)

Project Sherpa's should still be focussing on achieving objectives

But before we can reach the  
summit ...

# GDPM – Quo Vadis

If the method is going to prevail outside the congregation it needs

**Visibility** through marketing and  
**Use** through education, consulting and implementation

## Tools:

- The Book
- Software/tools
- Certification
- (Net) education programs
- Web sites

## Promoters:

- Alliance of consultancies
- Franchise organization

## GDPM certification and accreditation

EuroConsult

The **Certification process** comprises 4 levels: **Foundation, Practitioner, Expert, Tutor**

The **Certification and accreditation organization** consists of a the World Accreditation center (**WAC**), National accreditation Centers (**NAC**) and Certified Training Centers local to each country (**CTC**)

## GDPM certification process

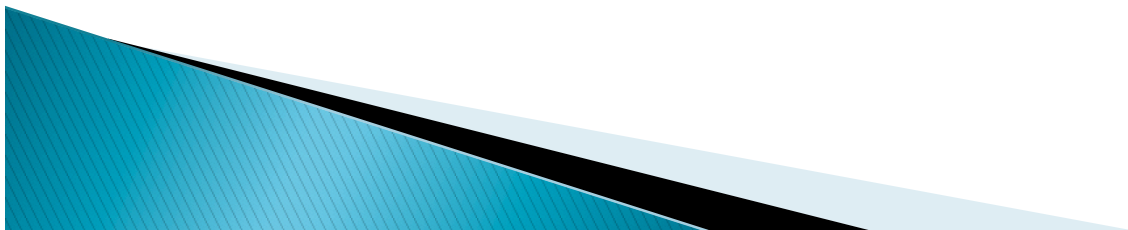

Level	Exam form	Qualification	Prerequisites	Exam
Foundation	Net based or by personal presence at NAC or a CTC premises according to agreement	Understand the concepts	Documented training in gdpm at a qualified business school or CTC	40 questions multiple choice in one hour
Practitioner	Net based or by personal presence at NAC or a CTC premises according to agreement + assignment by mail	Understand the concepts and use GDPM in projects	Foundation license and documented project participation using gdpm	25 questions multiple choice in 30 minutes + practical exercise as homework
Expert	Written questionnaire by mail and personal presence at NAC or a CTC premises according to agreement	Master the method and manage projects using GDPM	Practitioner license and documented project management using gdpm	25 questions and exercises and presentation of a project
Trainer	Written questionnaire by mail and personal presence at NAC or a CTC premises according to agreement	Master the method and train/coach others	Practitioner license and documented tutoring experience	25 questions and exercises and conduct a trial training session

# The certification organization

- ▶ The **WAC** is the main expertise centre
  - accredits and supports **NACs** does the final and official certification of individuals and signs and sends certificates
  - provides training and marketing materials including Goaldirector software for NACs and ATCs
  - provides database of questions for the different levels of certification exams
  - The **WAC certification and accreditation board** consists of Chairman Kristoffer V Grude Msc, Professor Emiretus Erling S Andersen and Professor Rodney Turner. All contributors to the art and science of project management as well as the development and spreading of GDPM.
- ▶ The **NAC** is the first expertise center for the **CTC**
  - accredits and supports **CTCs**
  - provides translated training and marketing material for the ATC as well as translation of questions for exam database
  - administers the national net based exams and provides facilities for physical exams in collaboration with **CTCs**
  - supplements ATC qualified personnel when personal examination is necessary for certification
  - administers the national student database and updates
- ▶ The **NAC certification and accreditation board** consists of local expertise.
  - The **CTC** is any business school or training organization that has courses and qualified instructors for GDPM. Accreditation means that their students will be accepted for certification exams
  - trains students and provides facilities for physical exams in collaboration with NAC.
  - provides qualified personnel when personal examination is necessary for certification

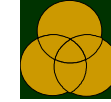

# GDPM – Quo Vadis

The key questions are about *how* to do it, *what* is needed, and *who* to get involved to enforce the spread of gdpm and its impact on good practice.

# GDPM – Quo Vadis

The key questions are about *how* to do it, *what* is needed, and *who* to get involved to enforce the spread of gdpm and its impact on good practice.

# Some LSD ...

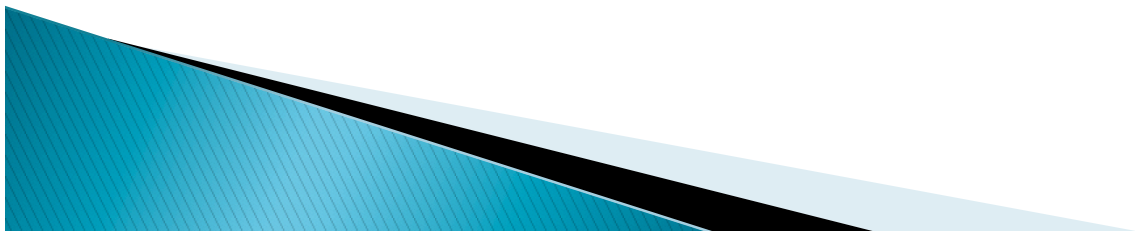

## ▶ Automation and integration

Instead of passive project management applications,  
think of active supporting project management tools

- From the purpose deviates the milestones
- From the milestones deviate the activities
- Those activities are distributed in workpackages
- Pushed in defined actions
- Some standardized, leaving only non-standard actions
- Integrating with alerting apps and applications
- Integrating with communication tools
- Integrating with service management tools
- Creating actionable and visual follow-up.

# You

- ▶ Remember, you and your team are the only assets appreciating over time ...

We need some famous last word of course:
